

### **REMARKS**

Claims 2-7, 9-31, 33 and 35-37 are standing in this application. Claims 2, 6, 21, 25, 30, 31, 33, and 36 were amended in the amendment and response after Final Office Action accompanying Request for Continued Examination filed on March 15, 2007 ("response of March 15, 2007"). Applicant submits that the pending claims are in condition for allowance. Therefore, favorable reconsideration and allowance of the standing claims are respectfully requested.

The Office Communication mailed June 4, 2007 states that the response of March 15, 2007 for the above-identified patent application was not fully responsive to the prior Office Action because Applicant omitted a copy of cited portion from The American Heritage Dictionary in support of the definition of terms used in the disclosure. In addition, the status of claim 36 was improper because claim 36 was submitted with the status identifier "Previously Presented" instead of "Currently Amended" because claim 36 contains an amended limitation.

Accordingly, in response to the Office Communication, Applicant submits herewith a copy of the cited portion from The American Heritage Dictionary in support of definition of terms used in the disclosure. Specifically, Applicant submits herewith in the enclosed Supplemental Information Disclosure Statement a copy of *The American Heritage® Dictionary of the English Language, Fourth Edition*. Retrieved June 12, 2007, from Dictionary.com website in support of the definition of the term "inventorying" used in the disclosure.

In addition, Applicant submits herewith a listing of the claims as amended in the response of March 15, 2007. The listing of claims includes the correct status identifier for

claim 36 as "Currently Amended" as opposed to "Previously Amended" to reflect status of claim 36 as amended when submitted in the response of March 15, 2007.

Accordingly, Applicant respectfully requests that the response of March 15, 2007 is now fully responsive and respectfully requests a timely notice of allowance.
